RE: IRWM Program – Second Cycle Funding

Dear Ms. Farahnak and Ms. Billington:

I am a member of the Tomales Bay Watershed Council, a coalition of 30 groups, agencies and individuals. The TBWC is a recipient of a \$469,000 planning grant for preparation of an ICWMP (grant # 05-227-550-0). We entered into the planning grant process with the expectation that preparation of the Plan would position us to apply for Phase 2 Implementation funds to accomplish needed, prioritized projects within the watershed. Our group has invested hundred's of hours in pursuit of our final plan, which is well on the way towards completion and adoption by June of 2007.

I have just learned of several important decisions that will be made in the next few months concerning future funding for the Prop 50 program and wish to make the following comments:

1. Please reserve funding for the second cycle of implementation grants for the Prop 50 program.
2. Please do not narrow the funding consideration for the next cycle of Phase 2 Implementation Funding only to the groups that have already submitted Phase 1 Implementation Grant applications for their adopted RWMP's. This would exclude groups that are currently in the planning grant cycle from any further Prop 50 funding opportunities.
3. Please allocate a portion of the second cycle of Phase 2 Implementation funds to the unique and relatively small group of planning grants that cover ICWMP's. This would enable these regions to apply for implementation funds for prioritized projects identified in their soon to be adopted ICWMP's.

Thank-you for your consideration. Please feel free to contact me at (415) 663-1158 ext. 301 for any additional information if you require.

Sincerely,

Robert Berner  
Executive Director
